

Educational Objectives

Endodontic Spelunking: Exploring Sub-coronal Canal Systems

AGD Subject Code 070 (2 Hours)

Upon completion of this educational activity, participants should be able to:

1. discuss canal anatomy based on historical studies
2. describe variations in “normal” canal configurations
3. better recognize variations in canal configurations in clinical settings
4. use knowledge of canal configuration to guide in-office endodontic treatment or referral

Sedation for Medically Complex Patients

AGD Subject Code 340 (2 Hours)

Upon completion of this educational activity, participants should be able to:

1. discuss indications and contraindications for sedation in patients who present with various medical conditions
2. adequately review histories and explain the physical assessment of medically complex patients when considering sedation
3. describe safe sedation options for medically complex patients

The Thinning Trend: Weight Loss Drugs and Oral Health

AGD Subject Code 010 (2 Hours)

Upon completion of this educational activity, participants should be able to:

1. identify and name common weight loss medications
2. explain the effects of these drugs on the body and the brain
3. recognize routine side effects
4. relate the use of weight loss medications to oral health issues

My Patient Won't Stop Bleeding

AGD Subject Code 010 (2 Hours)

Upon completion of this educational activity, participants should be able to:

1. discuss common bleeding disorders and medical conditions seen in dental patients which may cause increased bleeding
2. understand the effects of antithrombotic medications on dental treatment
3. discuss the management of dental patients with common bleeding disorders and those taking antithrombotic medications
4. know adjunctive techniques to reduce oral bleeding

Smile, Sip, & Savor

AGD Subject Code 770 (2 Hours)

Upon completion of this educational activity, participants should be able to:

1. describe activities outside of dentistry that promote work-life balance
2. understand the subtleties of the grape
3. exercise the palate by enjoying a little wine every now and then
